BREAKING BUSINESS BOUNDARIES

with 4Sight Automated Intelligence

2 OCTOBER 2025 | 9:00 - 15:00

Bryanston, Sandton, 2191

VERSION 4

JOIN 4SIGHT AND MICROSOFT

THURSDAY, 2 OCTOBER 2025 | 9:00 - 15:00

At the Microsoft offices, for an exclusive event showcasing how Agentic **AI** and intelligent automation are breaking business boundaries!

Reshaping the way businesses operate, make decisions, and grow - from the factory floor to boardroom vision.

REAL-WORLD USE CASES

AI for business is not the same as general use of **AI** for research and content searching. Come and see over 30 use cases, deployed with some of our customers and vendors, and see the ROI / successes - demonstrating how leading organisations are already leveraging intelligent automation to unlock agility, efficiency, and innovation.

WHAT YOU CAN EXPECT

Rooted in our 4**AI** strategy, this event brings together thought leaders, technology experts, and business innovators to unpack how autonomous, adaptive **AI**-powered solutions are transforming real-world operations across industries and sectors.

We start with an overview by Microsoft South Africa Chief Solutions and **AI** Transformation Officer, Ravi Bhat and Tertius Zitzke, Group CEO of 4Sight - explaining the value of Agentic **AI** in your business. This will be followed by 3 streams: 4**AI** solutions in Business Applications, 4**AI** Solutions in Data & **AI** and 4**AI** Solutions in Digital & App Innovation, focusing on People, Sales, Operations, Finance and Innovation/Product solutions.

"Innovation begins with mastering and automating the simple, repetitive processes that too often bog down business growth."

Tertius Zitzke, Group CEO, 4Sight

JOIN US

4Sight's experts will discuss digitalising your business and future-proofing the way forward. Come join us to experience the focus on using key technologies to create the organisations of the future.

RAVI BHAT

Chief Solutions & AI Transformation Officer, Microsoft | BCom, CA, MBA

With over three decades of experience in the technology industry, he is driven by a passion for innovation, people leadership, and purposeful transformation.

In his current role, he combines deep financial expertise, strategic business insight, and technical depth to help organisations shape and execute impactful transformation strategies.

Together with his team, Ravi enables customers to accelerate their AI transformation journeys through hands-on expertise and strategic guidance. He was recognised among the 100 Most Influential African Leaders in Technology and Telecommunications (2024) by Africa Tech Festival and Connecting Africa and he serves on the Leadership Council of #AfricaTechFestival for 2025, contributing to the continent's digital future.

TERTIUS ZITZKE

Group Chief Executive Officer, 4Sight Holdings

Tertius Zitzke is the Group Chief Executive Officer (CEO) of 4Sight Holdings Limited since November 2019.

As a visionary and forward-thinking leader, Tertius has been recognised for his contribution to the ICT sector and continues to inspire the next generation of business leaders. He has a proven track record of successfully implementing technology solutions that improve efficiency, productivity, and profitability for customers.

Tertius is spearheading the future investment focus of 4Sight Holdings into AI technologies. This strategic move complements the company's existing expertise in automation, data analytics, cloud computing, and industry 5.0 solutions. 4Sight's AI advancements are driving digital innovation across various sectors.

LIONEL MOYAL

Channel Partners Lead, Microsoft Africa Region

As a member of the leadership team at Microsoft South Africa, he has been responsible for building and growing a thriving partner channel, including Systems Integrators, ISVs, Startups, Channel Partners and Global Partners.

Lionel has a diverse range of business experience in the technology space. He is passionate about technology and innovation, startups and growth businesses. He is an advocate for responsible digital transformation through technology and people-driven organisational change and aligning digital transformation initiatives with corporate governance as per King IV.

NICK BOTHA

Chief Partner Officer, 4Sight Holdings

Nick Botha leads 4Sight's Indirect Business Model through the Channel Partner (CP) Cluster with a clear mission: to build and empower a global partner ecosystem that drives digital transformation across Africa, Central Europe, and the Middle East. He helps the partner ecosystem and their customers with their journey of Digital AI Transformation.

With a career rooted in strategic growth and partner enablement, Nick is the architect behind 4Sight's partner-driven expansion model. His leadership has been instrumental in scaling the company's footprint through collaborative engagements, innovative sales strategies, and a relentless focus on delivering real-world value through emerging technologies like 4AI. His emphasis on persistence, community-building, and strategic alignment has fostered a culture of resilience and high performance within the partner network.
