The logo for Converge AI Summit 2023, featuring a circular graphic with three overlapping circles labeled 'BE', 'CP', and 'OT'. To the right of the graphic, the word 'CONVERGE' is written in large blue letters, with 'AI SUMMIT 2023' in smaller red and blue letters below it.

*FUTURE
FORWARD
4SIGHT*

*Let's partner today to digitalise and
future-proof the way forward*

27 SEPTEMBER 2023 9:00-17:00

The Forum, 57 Sloane St, Bryanston, Sandton, 2191

Version 0.9

WELCOME

Experience agility in your Digital Transformation (DT) journey - the ability to replace any one of your applications, hardware and platforms but still extract invaluable data to get ultimate business value. Change any rule in one place within your organisation or part of your technology stack without adversely affecting your reporting, so you can always enjoy and ensure a sustainable data strategy!

Partnering with 4Sight means having easy access to this sustainable model to accelerate your DT journey and achieve the ultimate end state of Enterprise 5.0. The future of your business relies on your ability to integrate digital technologies into your operations, positively transforming your way forward.

Join 4Sight to learn how our experts combine market-leading technologies with domain expertise to create intelligent and profitable organisations, no matter which industry you are in.

Learn how our technologies empower you to

Unlock the power of visibility

Future-proof your business

Maximise profitability

Enhance efficiencies

Minimise risk

WHO SHOULD ATTEND?

If digital transformation is crucial to maintain the way forward for your business, you should attend.

Company C-level Executives and Senior Management, Engineers in Industrial operations, Maintenance and Production Managers, Technical Managers, Supply Chain Managers. Whether you are looking for Information Technologies, such as ERP, HR and Payroll, CRM, Fixed Asset, Reporting

solutions or Operational Technologies to run your mining or manufacturing environments, or anyone looking for innovative solutions to converge the two environments - data management, cyberprotection, IoT, AI, business process management, DevOps and Power Platform development. There are areas of interest to you at 4Sight's Converge Summit 2023.

JOIN US

4Sight's experts will discuss digitalising your business and future-proofing the way forward. Come join us to experience the focus on using key technologies to create the organisations of the future.

Don't miss out on our two keynote speakers

MITCH ILBURY

Director | Mindofafox

Mitch Ilbury is a strategist, scenario planner and best-selling author, and director of the firm, Mindofafox.

He has recently been working with ministers in the UAE, shaping future value propositions for the region. Mitch also led the team that developed the South African Development Community's (SADC) Scenarios for its SADC Vision 2050. Mitch was the author of a chapter in Fake News: A Roadmap, published by the NATO Strategic Communications Centre of Excellence (2017), which was adopted as evidence in the UK Parliamentary Inquiry into Disinformation and Fake News.

He also co-authored the best-selling book with Clem Sunter, titled Thinking the Future: New Perspectives from the Shoulders of Giants, published by Penguin Random House in July 2021.

RICHARD WRIGHT

Global Speaker | Author of The Power of Purpose | 4 x Brain cancer survivor | CEO of The Enrichment Project

Transformative storyteller and expert on change and overcoming adversity

Overcoming terminal brain cancer once is a big deal, overcoming it three times is bigger... but completing 5 full ironman races whilst fighting cancer and the ravages of the treatment... Facing off challenges and change, mindset shifts, grit and resilience, and the power of purpose, Richard is an expert on the mind and cognitive thought control as a means to effect change and overcome any challenge or obstacle.

His is a story of endurance, passion, heartbreak, and the triumph of the human spirit over crippling adversity.
